A career in business analysis involves driving change, improving processes, and making informed decisions. If you're ready to take on a role where insights lead to impact, we're here to help you make it happen.

The ITOL Recruit Business Analyst Job Programme is designed to get you trained, certified, and hired. You'll gain analytical skills, earn industry-recognised qualifications, and receive personalised recruitment support to secure your first business analysis role.

The outcome is clear: complete the programme, follow the process, and land a job – or we'll refund your investment.

Let's get started.

What Do We Provide?

This programme equips you with the tools, techniques, and knowledge to thrive as a business analyst. Every step is designed to prepare you for the workplace and help you secure employment.

- Workplace Case Studies
- Personalised Career Support
- Qualified Human Mentor & Tutor
- Interactive Learning Tools

Why Choose a Career in Business Analysis:

This job programme gives you the skills to gather and interpret data, identify business needs, and recommend practical solutions. You'll learn how to use industry tools and apply problem-solving methods.

- **High Demand** – Businesses rely on data-driven insights to stay ahead, making skilled business analysts essential across industries.
- **Competitive Salaries** – Junior roles start at £35K – £62.75K, with experienced analysts earning up to £65K.
- **Diverse Career Paths** – Business analysis skills are useful in many industries, including finance, healthcare, retail and technology.
- **Global Opportunities** – Businesses worldwide rely on analysis and data-driven decisions, making this a flexible and transferable career.

How You'll Learn

- **Structured Training** – Follow a step-by-step approach covering foundational to advanced analysis techniques.
- **Hands-On Practice** – Apply concepts through real-world business case studies.
- **Expert Guidance** – Learn from experienced tutors who provide insights beyond the curriculum.
- **Career Coaching** – Receive tailored job search and interview support.

Your journey is mapped out to ensure you gain the right skills and transition into a business analysis role.

Your **Pathway** to Success

A business analyst's role demands structure, strategic thinking and a keen eye for problem-solving; this programme is built with the same precision.

BUSINESS ANALYST CURRICULUM

Our programme is a clear, skills-first pathway into business analysis, taking you from a standing start to job-ready, with the tools to turn data into decisions and insight into action.

Your **Training** Breakdown

We've selected industry-recognised qualifications that employers look for when hiring entry-level business analysts. These certifications provide the skills to analyse business challenges, improve processes, and support strategic decision-making. With accreditation from BCS, The Chartered Institute for IT, this programme ensures you meet professional standards and stand out to hiring managers.

—○ **Business Analysis Foundation**

Learn how to identify business challenges, evaluate solutions, and support organisational change. This certification equips you with the critical thinking and problem-solving skills needed to improve business processes.

—○ **Business Analysis Practice Practitioner**

Develop advanced business analysis techniques, including strategic thinking, stakeholder engagement, and business activity modelling. This qualification helps you apply analytical methods to real-world business challenges.

YOUR SUPPORT TEAM

Success doesn't happen in isolation.

Throughout the programme, you'll have access to expert tutors, interactive learning tools, and a support network designed to keep you on track.

Your **Support** Team

The Learning Phase:

One-to-One Tutor Support

Your tutor is just a message away. Whether you need to arrange a one-to-one call, get additional study materials, or ask questions about your course, they're there to help. And with real industry experience in Data Analytics, they can provide insights beyond the curriculum.

Guidance From Certified Experts

Your success is backed by the expertise of experienced Data Analysts who have worked across industries. They don't just teach the material – they guide you through real-world applications, ensuring you're job-ready.

Personalised Feedback

Learning isn't one-size-fits-all. Your tutor works closely with you to understand your strengths and areas for improvement, tailoring their approach to maximise your growth. Exam prep is thorough, ensuring you're not just familiar with the material but fully prepared to pass.

Resource Library & Peer Network

You'll also join an online community of fellow students, giving you a space to connect, ask questions, and engage with people on the same journey.
