We back that confidence with a **job guarantee or your money back.**

HEALTH AND SAFETY CURRICULUM

Our programme is a practical pathway into health and safety, equipping you with the recognised certifications and real-world skills needed to protect employees, ensure compliance, and create safer workplaces.

Your Training Breakdown

This programme combines essential certifications with practical assessments to ensure you are job-ready. You will complete the IOSH Managing Safely and NEBOSH General Certificate, both industry-recognised qualifications that will equip you with the skills to manage health and safety in any workplace.

IOSH Managing Safely

Your introduction to practical safety management. This foundational course teaches you how to implement safety systems, conduct risk assessments, and manage safety procedures effectively. You'll learn the essential skills needed to take responsibility for safety in any workplace environment.

Accredited by the Institution of Occupational Safety and Health (IOSH), this qualification provides the management foundation that underpins all effective health and safety practice.

NEBOSH General Certificate

This industry-leading qualification covers comprehensive health and safety legislation, advanced risk assessment techniques, and how to identify and control workplace hazards. Building on your management foundation, this certification provides the detailed technical knowledge essential for professional health and safety roles.

Accredited by the National Examination Board in Occupational Safety and Health (NEBOSH), this certification follows UK best practices and is widely recognised by employers across all sectors.

Risk Assessments & Safety Projects

The final step focuses on applying your knowledge through practical risk assessment projects. You will write a series of risk assessments that meet workplace standards, demonstrating your competency.

This practical application ensures you can confidently apply your qualifications in real workplace situations from day one.

YOUR SUPPORT TEAM

Success doesn't happen in isolation.

Throughout the programme, you'll have access to expert tutors, interactive learning tools, and a support network designed to keep you on track.

Your **Support** Team

The Learning Phase:

One-to-One Tutor Support

Your tutor is just a message away. Whether you need to arrange a one-to-one call, get additional study materials, or ask questions about your course, they're there to help. And with real industry experience in project management, they can provide insights beyond the curriculum.

Course-Specific Webinars & Tutorials

We know what challenges students face because we've trained thousands of them. That's why we provide a library of tutorial videos and live webinars that dive into the finer details of project management – giving you extra clarity when you need it.

Personalised Feedback

Learning isn't one-size-fits-all. Your tutor works closely with you to understand your strengths and areas for improvement, tailoring their approach to maximise your growth. Exam prep is thorough, ensuring you're not just familiar with the material but fully prepared to pass.

Resource Library & Peer Network

Beyond structured training, you'll have access to an extensive resource library with additional study materials to support your learning. You'll also join an exclusive Online Community of fellow students, giving you a space to connect, ask questions, and engage with people on the same journey.

SHEilds are a global leader in health and safety training. They are accredited by the following awarding bodies, NEBOSH, City & guilds, ProQual and ILM.

As a candidate of our job programme, you will have access to professional SHEild tutors on hand to help with your studies.
