Business Analyst Job Programme

Analyse. Optimise. Succeed.

Qualification:

Gain industry-leading, internationally recognised, UK-accredited qualifications.

Completion Time

8-10 weeks

If you are studying 2 hours a day

Total access period

12 Months

A career in business analysis involves driving change, improving processes, and making informed decisions. If you're ready to take on a role where insights lead to impact, we're here to help you make it happen.

The ITOL Recruit Business Analyst Job Programme is designed to get you trained, certified, and hired. You'll gain analytical skills, work with modern business and data tools, earn industry-recognised qualifications, and receive personalised recruitment support to secure your first business analysis role.

The outcome is clear: complete the programme, follow the process, and land a job – or we'll refund your investment.

Let's get started.

A woman with dark hair, wearing a bright yellow blazer over a pink top, is looking down at a laptop screen. She is smiling slightly. The background is a blurred office setting. The laptop is open, and a blue pen is visible on a document next to it.

What Do We Provide?

This programme equips you with the tools, techniques, and knowledge to thrive as a business analyst. Every step is designed to prepare you for modern business environments and help you secure employment.

- Workplace Case Studies
- Personalised Career Support
- Qualified Human Mentor & Tutor
- Interactive Learning Tools
- Training in Power BI, SQL Essentials, and Scrum Essentials

Why Choose a Career in Business Analysis:

This job programme gives you the skills to gather and interpret data, identify business needs, and recommend practical solutions. You'll learn how to use industry tools, work within Agile environments, and apply problem-solving methods used in modern organisations.

- **High Demand** – Businesses rely on data-driven insights to stay ahead, making skilled business analysts essential across industries.
- **Competitive Salaries** – Junior roles typically start between £35K – £40K, with experienced analysts earning up to £65K.
- **Diverse Career Paths** – Business analysis skills are useful in many industries, including finance, healthcare, retail, technology, operations, and consultancy environments.
- **Global Opportunities** – Businesses worldwide rely on analysis, reporting, and data-driven decisions, making this a flexible and transferable career.

How You'll Learn

- **Structured Training** – Follow a step-by-step approach covering foundational business analysis, data interpretation, Agile workflows, and advanced analysis techniques.
- **Hands-On Practice** – Apply concepts through real-world business case studies, practical exercises, and reporting-focused activities.
- **Expert Guidance** – Learn from experienced tutors who provide insights beyond the curriculum and help you understand how business analysis is applied in professional environments.
- **Career Coaching** – Receive tailored job search and interview support.

Your journey is mapped out to ensure you gain the right skills and transition into a business analysis role.

Your Pathway to Success

A business analyst's role demands structure, strategic thinking and a keen eye for problem-solving; this programme is built with the same precision.

1

TALK TO A CAREER ADVISOR

Not sure where to start? Our advisors help you choose the programme that aligns with your career goals.

2

COMPLETE THE TRAINING

Pass the required exams and assessments and get practical experience. Certification isn't just a bonus; it proves you're job-ready.

3

WORK WITH A RECRUITMENT ADVISOR

Get help refining your CV, optimising your LinkedIn profile, and preparing for interviews. When the right opportunity comes up, you'll be ready.

4

SECURE THE JOB

With tailored career support, you'll have everything you need to start your new role.

Where Could This Take You?

A career in business analysis offers stability, growth, and high earning potential. Here's where you could go.

JUNIOR BUSINESS ANALYST

£35K – £39K

Assist in gathering and documenting business requirements, supporting data analysis, and contributing to the development of effective solutions.

BUSINESS ANALYST

£40K – £60K

Analyse business needs, optimise processes, interpret business data, and collaborate with stakeholders to drive operational improvements and strategic initiatives.

SENIOR BUSINESS ANALYST

£60K – £65K

Lead high-impact projects, provide strategic insights, and influence key business decisions to drive organisational growth and transformation.

RECRUITMENT

You've built the skills, completed the projects, and earned your qualifications. Now it's time to secure the role.

That's where we come in.

Your **Job, Guaranteed** or **Your Money Back**

We stand by our training. Follow the process, complete the programme, and secure a role, or you get your money back.

Our job guarantee includes:

- Personalised career coaching tailored to your job search.
- An optimised CV and LinkedIn profile to attract employers.
- Comprehensive interview preparation so you feel confident in every opportunity

The Process

Preparation

We know what hiring managers ask because we've helped thousands of candidates through this process. Our recruitment advisors offer one-to-one exam prep sessions tailored to the role and company you're interviewing for, ensuring you're fully prepared for the questions and assessments.

CV & LinkedIn Overhaul

Your CV and LinkedIn profile are your tickets to getting noticed. Our team works with you to sharpen them so you can stand out in a competitive market.

Mock Interviews

Confidence comes with practice. Our mock interviews allow you to refine your responses and get feedback.

Job-Related Assessments

Some roles involve extra hurdles – tests, case studies, or technical challenges. We'll make sure you know what to expect and how to handle them.

Job Application Support

We guide you through the process, from knowing where to apply to ensuring your application hits the mark. With us in your corner, you will make real progress toward landing your role.

We back that confidence with a **job guarantee** or **your money back.**

SUCCESS STORIES

Real success stories from students who've completed the programme and launched their careers.

We could tell you, but our candidates say it best.

Anita Mamidi

From: Career Break

To: Change Management Consultant

After taking a career break to focus on her family, Anita sought to re-enter the professional world. Recognizing the shift from traditional waterfall methodologies to Agile practices, she enrolled in ITonlinelearning's Agile and Change Management courses. These courses provided her with updated skills, including change readiness assessments and impact analyses. With ITonlinelearning's support, Anita successfully transitioned into a Change Management Consultant role.

Priyadharsini Ganesan

From: Academic Researcher

To: Data Analyst at PwC

Priya shifted from a research background into data analytics through ITOL's Data Analyst Programme. She gained hands-on experience with tools like Excel, Power BI, and SQL, and leveraged ITOL's career services to polish her CV and prep for interviews. Her commitment paid off—Priya now works as a Data Analyst at PwC, where she thrives in a data-driven environment that challenges and excites her.

Naseer Babar

From: No experience in Business Analysis

To: Business Analyst

Seeking greater job satisfaction and professional growth, Naseer enrolled in ITonlinelearning's programme to gain formal qualifications in business analysis and project management. The programme provided comprehensive support, including CV and LinkedIn profile enhancements, regular check-ins, and mock interview preparations. With these resources, Naseer secured multiple interview invitations and ultimately transitioned into a Business Analyst role, achieving both career fulfillment and a significant salary increase.

4.8 out of 5 based on 7,000+ reviews on Trustpilot

BUSINESS ANALYST CURRICULUM

Our programme is a clear, skills-first pathway into business analysis, taking you from a standing start to job-ready, with the tools to turn data into decisions and insight into action.

Your Training Breakdown

We've selected industry-recognised qualifications and practical training that employers look for when hiring entry-level business analysts. These courses provide the skills to analyse business challenges, improve processes, interpret data, and support strategic decision-making. With accreditation from BCS, The Chartered Institute for IT, this programme ensures you meet professional standards and stand out to hiring managers.

Business Analysis Foundation

Learn how to identify business challenges, evaluate solutions, and support organisational change. This certification equips you with the critical thinking and problem-solving skills needed to improve business processes.

Business Analysis Practice Practitioner

Develop advanced business analysis techniques, including strategic thinking, stakeholder engagement, business activity modelling, and analytical decision-making. This qualification helps you apply analytical methods to real-world business challenges.

SQL Essentials

Build practical data analysis skills using SQL, one of the most widely used languages for working with business data. You'll learn how to query, filter, and interpret data to support reporting, insights, and business decision-making.

Scrum Essentials

Gain an understanding of Agile working environments and Scrum-based project delivery. You'll explore sprint planning, collaboration, stakeholder communication, and iterative workflows used within modern business and project teams.

Power BI

As the final stage of your training, Power BI brings together the reporting, analytical, and business intelligence skills developed throughout the programme. You'll learn how to transform complex data into professional dashboards and visual reports that support business decision-making.

YOUR SUPPORT TEAM

Success doesn't happen in isolation.

Throughout the programme, you'll have access to expert tutors, Interactive Learning & Reporting Tools, and a support network designed to keep you on track.

Your **Support** Team

The Learning Phase:

One-to-One Tutor Support

Your tutor is just a message away. Whether you need to arrange a one-to-one call, get additional study materials, or ask questions about your course, they're there to help. And with real industry experience in Business Analysis, they can provide insights beyond the curriculum.

Guidance From Certified Experts

Your success is backed by the expertise of experienced Business Analysts who have worked across industries. They don't just teach the material – they guide you through real-world applications, ensuring you're job-ready.

Personalised Feedback

Learning isn't one-size-fits-all. Your tutor works closely with you to understand your strengths and areas for improvement, tailoring their approach to maximise your growth. Exam prep is thorough, ensuring you're not just familiar with the material but fully prepared to pass.

Resource Library & Peer Network

You'll also join an online community of fellow students, giving you a space to connect, ask questions, and engage with people on the same journey.
